## **"Catching Greatness"**

*You do not want to miss this training opportunity!*

Wouldn't it be **terrific** if everyday you honestly felt that you were doing a great job and that your organization was nothing short of great? Our work is **critical** for those we serve. But too often, for many reasons, we lose the vision of how effective we would like to be and how important our work is. Join members of VARL for this workshop on "Catching Greatness". Reflect on the differences between "good" and "great", assess your own performance and your agency's, and commit to moving yourself and your team to the performance excellence that can make a tremendous difference in the lives of those we serve. This workshop promises to be one that leaves you invigorated and reminded of why you do this work!
